

PACKAGE OUTLINES

Style G1

-R5 Rack Mount Kit

Add "-R5" to the model number to include rack-mount adapters for Style G1.

Style E1

-R3A Rack-mount Kit

Add "-R3A" to the model number to include the rack-mount adapter for Style E1. Many models normally supplied in the E1 style can also be provided in the G1 style (see above), which is more easily adapted to rack-mount use. Contact Avtech for more information.

Style A

Style B

Style C

Style A1

Style A2

Other Packages

Certain models can be supplied in other packages (i.e. NIM modules or OEM packages) if required, at additional cost. Email (info@avtechpulse.com) or call Avtech for more information.
